Please enter the prepaid card number you wish to use:

▶ **Refill using credit card, debit card, or electronic check.** - #1

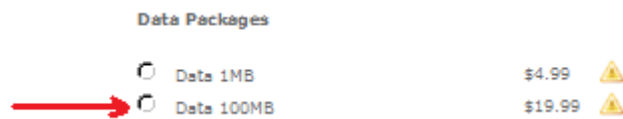

If you have any problems call AT&T [800-901-9878]

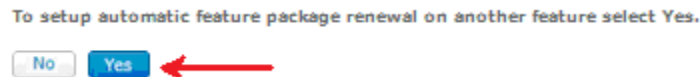

AT&T SIM Card \$ Management Instructions[con't]

Step #1 Before you can manage the funds/data on you SIM card you first must follow the MotoMon “AT&T SIM Card Adding Funds instructions” adding \$100 go for 1 year.

Step #2 After Refill is completed Click on “Buy Feature Package”. Then click to buy “Data 100MB”, then click Submit. **Make sure you change YES to NO on automatic renewal!**

Step #3 Click on “Automatic Feature Package Renewal”, If the 1MB data package is already there to Auto Renew then skip ahead to Step #4, it is not there, Then click on “YES”

Click on “Data 1 MB” and click on Submit. This will automatically renew your data package each month adding 1meg to the SIM card. This will also rollover whatever data is not used from the 100MB package to the next month and each month thereafter.

Step #4 Check to make sure you now see the 100 MB data package you purchased approx. 102400 Kb.

Step #5 Click on “Personal Profile” Then “Modify” and edit the email address of where notifications should be emailed. Do not change any other information, and DO NOT change the PIN number.

Make a note of the “Airtime Expiration Date” and add it to your calendar.

After six months check and see how much data you have available under Feature Packages [Step #4]. If you are below 50 MB / 50000 Kb repeat Step #2 to avoid running out of data before Airtime Expiration Date.

If you correctly follow these steps you should not pay more than \$8.35 per month, the \$100 divided by 12 months.

*If you renew again before the next Airtime Expiration Date all funds and data not used will carry over to the next 1 year time period on the SIM card.

If you have any problems call AT&T [800-901-9878]
